Dear Wedding Party,

Here are just a few reminders for the wedding day regarding your hair and Make-up.

Please come with your hair dry, your face clean of all make-up; especially any old mascara, and moisturized, also please wear a button up shirt so as not to mess up your new style, (There will be an additional charge if your hair needs to be blown dry.)

You may choose not to wash your hair the morning of the wedding; this is fine with us as long as it has been shampooed 1 day prior. If you are shampooing the day of the wedding please put your regular styling products in and dry as usual. This gives the hair the best texture, for the best possible results.

Thank-you for choosing Kim & Co for this special occasion, we hope you will enjoy your experience and we look forward to being of service to you.

Sincerely Kim
